

International Symposium on Hydrogen in Matter (ISOHIM)

July 30 – Aug 1, 2014
India

S-VYASA University
Bengaluru

4th International Symposium On Hydrogen-Matter Interactions

The deliberations at the three day symposium include hydrogen-matter interactions effects on:

- Physical & mechanical properties of materials
- Energy transfer systems
- Biological processes & human health etc.

Multi disciplinary experts from around the world will exchange ideas, examine synergies and forge collaborations to further the scientific understanding of Hydrogen-Matter interactions.
